"I wish I had lived on campus an extra year! Once you leave campus you lose the social aspect of seeing other residents every day and making friends with floor mates." - **Matt**

"The top reasons for living on campus is location, location and location! Where better than living in the middle of it all, close to classes, close to Trabant, and close to **where everything is happening!**" - **Anne**

"Living on campus isn't just a room for a year. It's the experience to branch out, and meet new friends that you hope to call family. Everyone is so happy living on campus, & I want to be able to say the same thing." - **Erika, Commuter Student**

"Living on campus makes it easier to meet with friends, join clubs, and have fun, without needing to travel far. It's a comfortable place to be, and that makes the experience so much better!" - **Stephen**
